If I am R21, my lab is FOA B

Yes as long as the direct costs from all federal and nonfederal grants do not total \$500,000 or more during the first year of the Hood grant

If I have a \$75,000 award, I am FOA B

If the direct costs for these two awards, added to your other federal and nonfederal support, do not total

What is my

In addition to all previous academic positions, any independent research position in a for profit company or similar professional setting must be included in the ~~five~~ **one** year timeframe.

**I am a scientist and have
a PhD in Child Health?**

This award focuses on child health, and studies of prenatal exposures themselves are not eligible. The study would be eligible ~~only~~ if the animal model is used to examine postnatal effects, diagnosis or treatment.

Is a Biosketch Required?
Applicants are asked to use the latest NIH biosketch format.

Letters of Recommendation
Yes, one of the two required letters of recommendation must be from the Postdoctoral Mentor or Residency Director. The other must come from the Department or Division Chair. Because research independence is required, the Mentor must clarify how your research project is your own scientific inquiry, and unique from the Mentor's research.

Do I need to submit forms?
Forms A1 and A2 are the yearly costs requested from the Hood Foundation. Form B is a summary of these expenses plus any additional support from other sources.

Are subcontracts allowed?
The PI is allowed to pay subcontractors and these subcontracts can be listed as a line item under "Other Expenses." The Hood Foundation does not separately pay other personnel on someone's grant.

Is graduate tuition allowed?
If the graduate student has a significant role on the proposed project, tuition may be charged as a personnel expense.

Can I use an additional page?
If necessary you may use an additional page.

Who is the Institutional Representative?
The Authorized Institutional Representative is often in the Office of Sponsored Programs and signs off on the application to ensure that you and the Institution have met the eligibility requirements. This person is also responsible for research oversight. The Institutional Officer
